Dear Mr. Vinod,

I am extremely glad to know that your Organisation is organising a mega Blood Donation Camp on September 17, 2012 in Jaigon under your able leadership with an aim to contribute in collecting 1,00,000 units of blood by your organization placed in different places. I would like to express my sincere appreciation for carrying out such a noble initiative in pursuit of serving the mankind and humanity. At the same time, I would like to also thank those who have shown their willingness to donate blood.

This initiative is a real blessing for those in need of blood and would go a long way in saving thousands of people's lives. Further, it would help create greater communities bonding and promote a sense of oneness among the citizens.

I regret for my inability to attend this very important event.

I wish you a very successful camp.
