ANNUAL REPORT 2014

For us being kind to our 'mute' companions is an obligation. We have been rendering this obligatory service for the last 20 years taking inspiration from Shri Ramakrishna's wisdom that the "ultimate awareness (chaitanya)" is of "Shiv gyane Jeev seva" i.e. to see the Almighty in each of his creations up to the miniscule living creature and help and preserve them all.

"When around "Janmasthanam" a tiny little kitten was dropped over the boundary wall of Karuna Kunj by locals, our pack of dogs was sensible enough to alert the staff without getting too close to scare this tiny soul. She's just over a month old but enjoying her freedom under due protection. Feels great to see her romping around the three sections of the huge cattery carefree...." Our supporters across the globe were sent this soothing message. Ruchi Kohli emailed from Maryland, USA "Important to see every single being as God in all of her distressing disguises. She may be the one to give you an opportunity to fill your basket elevating your soul to heights beyond. What a wonderful way to celebrate Krishna's birthday."

Along with common Calcuttans who are by and large kind, one major achievement of Compassionate Crusaders have been in changing the attitude of the 'authorities'! Kolkata is unique in one humane aspect, here Army, Airport & Police have been taking our help & guidance in 'humanely' solving all animal related issues & problems.

Before CCT came into being, awareness about environment, animal rights, related human health issues were all quite vague and sporadic in our country. Now some of them have been accepted through legislation by our own country and even other civilized nations. Some more have reached the highest level of judiciary and the religious & community leaders. CCT's stand on compassion is vindicated.

The recent killing of a tigress by a tiger during mating at the Delhi Zoo has brought CCT's stand on 'caged zoo' in to focus with Hindustan Times, Delhi launching a full page "The Zoo Story" which was published simultaneously in nine major city editions of Mumbai, Lucknow, Jaipur etc. apart from Delhi.

Ripples of CCT's Compassionate Activities against animal sacrifice are reaching global shores.

Deonnie Gai Moodie, Faculty of Arts & Sciences, Harvard University, wrote on early May this year.

Dear Debasis-da, I wanted to let you know that I recently defended my dissertation on Kalighat Temple, and have acknowledged you and written briefly about the work of the Compassionate Crusaders Trust regarding the practices of the temple.

The title of the dissertation is "Contesting Kalighat: Discursive Productions of a Hindu Temple in Colonial and Contemporary Kolkata." It is an analysis of the ways in which historical texts, lawsuits, newspaper articles, and campaigns produce Kalighat as a historical, religious, and

public object, each with varying implications - particularly, bolstering the temple's popularity and importance, and making it a site that is deeply contested today.

Thanks again for speaking with me at length about your work and helping to make this research possible. Deonnie Dr Rachel Fell McDermott, Professor & Chair, Asian & Middle Eastern Cultures of Barnard College, Columbia University also published a research paper in 2011, titled *Revelry, Rivalry, and Longing for the Goddess of Bengal: The Fortunes of Hindu Festivals*; mentioning our campaign against animal sacrifice, with a special mention of our Kalighat campaign and subsequent judicial & administrative intervention.

The following two incidents prominently covered by the media exemplified a ripple of compassion individually or institutionally among the general public as a result of our activity.

Tales of Compassion: Soxy's Story by Sumati Yengkhom, Times News Network Oct 5, 2013 Kolkata: Not every day does Kolkata show it still has a heart. Not every day do a group of Kolkatans pit their collective wills to fight for a cause the way a group of north Kolkatans did... all to give a new lease of life to a four-legged friend. On this our illustrious patron KPS Menon commented "The story of Soxy that we all followed the last few months highlights the misfortunes of our dumb companions and what a group of selfless persons can do to make life tolerable for these unfortunate creatures. In fact in many such cases it is a

beautiful new life for them. I hope this story, and the issue generally, will prod all of us to the compassion shown by the Crusaders.”

Goldy’s rescue: A traffic police team played K9 rescuer on Wednesday morning, moved by the heart-rending sight of an abandoned and wounded golden retriever lying motionless on a roadside in the Metro Channel. “Initially we thought the owner was nearby but when nobody turned up after 30 minutes, we took a closer look. We found that the dog had multiple injuries on his back and hind legs,” said sergeant Anjan Debnath. He called the Compassionate Crusaders Trust (24647030), which took the dog to its Thakurpukur shelter. (Reported by The Telegraph of Sep 5, 2013)

Parvati Bradley, USA reacted on Goldy’s rescue, “This is so heartbreaking. At the same time, it is wonderful to see people like the very kind police man and your organization taking care of the needy. It is my desire that after retirement I will move back to my homeland and serve in your organization as a volunteer. May God shower you with all His blessings.”

Shower of compassion from young hearts: 30 students from the Delhi Public School, Ruby Park (DPS) visited Karuna Kunj, adopted a tiny puppy (who had his hind legs crushed at a very early age), christened him Dipsite, after the ‘http’ of the DPS Alumni.

CCT sails through making best use of available resource: This year too, like last few years, we have had no financial

help from the Government, either central or state, nor related resources like “Local Area Development Fund”. By sheer improved financial management and optimum utilization of resources, yet again we have maintained a healthy balance sheet without any financial liability.

This year we have been successful in enhancing our Project Expenditure by 64% from the previous year, this in spite of uncontrolled price rise which led to increased expenditure. CCT staff members are also adequately ‘compensated’ with additional service charges to meet their higher living cost. Continuing on the positive trend of last four years, CCT has achieved a zero liability in this financial year 2013-14 too. Plainly speaking, no unpaid bills, whatsoever!

In addition we have put our allowable corpus as fixed deposit to sail through any rough weather so that the mutes in our care and their care-givers never feel the pinch of the happenings at large. All these are achieved by the dedicated and matured handling of the affairs by our wonderful young team.

Help has come, mostly, from the goodwill and support of the people of Calcutta, a city famous for its warmth and kindness. We salute Calcuttans for their attitude and awareness, and recognize the vital role they play in the success of our endeavors.

Most importantly, we have never compromised on the quality of our service to the poor suffering animals of our city and elsewhere, which is after all the very reason for our existence.

Most humbly we dedicate this achievement to the compassionate souls across the globe, who have been our supporters since Compassionate Crusaders started out on its journey in November 1993 with a corpus of only One Thousand Rupees.

As a mark of respect to his fond memory, a friend's family has facilitated in creating ASHIS BHATTACHARYA MEMORIAL FUND with the Compassionate Crusaders Trust, as a corpus fund to support our 'care-givers of the mutes' in their effort in initiating primary education/ further studies for their children. This will help in creating a new generation of compassionate citizens, a dream Ashis had nurtured! Like last year, this year too, two children of our non-executive staff members are given grant for a term's education.

Last year our Compassionate Crusaders' Centre for Animal Welfare, popular as Tollygunge Clinic has had a complete makeover with additional facilities for treatment of the 'mutes' in cool comfort; thanks to the generous support from the compassionate city couple, Mr. Subrato & Mrs. Subhra Ghosh. From the beginning of the last financial year in April and again on this New Year we have enhanced the time and quality of treatment further, at our Clinic, a favorite of the caring animal lovers of our city.

Karuna Kunj also has had a sparkling makeover last year, most significantly our staff there has been instrumental in implementation and maintenance of the upgraded facility. During this year's oppressive summertime we have installed

Doggy-Kitty shower, unique in the country, for fun-relief for the residents of Karuna Kunj.

Ms Gail Palin of California, USA after visiting Karuna Kunj & Tollygunge Clinic, wrote back “I had a great time visiting your sanctuary, meeting your employees and seeing your sweet animals. You are doing an amazing job for the animals of Kolkata. I truly enjoyed my visit with you, and learned so much about what you do. I will be sharing the information and pictures with my friends here.”

Karuna Kunj cattery has become a Feline Disney Land, thanks to Mr. Areful Islam’s firm, The Calcutta Construction Company, that has sponsored the extension of the Cattery. The Saturday Club’s kind donation of the play-things like Jungle Gym, Slide, Swing for the enjoyment of the cats have acted like the icing on the cake!

Karuna Kunj pet-burial continues to offer dignified farewell to the departed ‘mute members of the family’. The ‘Memorial to Every Loving Pet’ stands in all its gracious serenity, with the touching poem that brings a lump to the animal lovers’ throat! Now a solar powered lamp post, courtesy Mr. Pradip Mitra, brightens the serene space.

We mention with gratitude, the kind gesture of the Hastings Chapel authorities for allowing us to park our Water Tanker for the animals round the year.

Sputnik’s Garden is an interesting addition to the rich greenery of Karuna Kunj, where about 80 varieties of trees and plants are recorded and documented. An area earmarked as a nursery of saplings and existing trees of

about 50 varieties are nurtured in Sputnik's Garden. The saplings will be multiplied regularly for free distribution to the children for greening the community. Sputnik's family will be sponsoring this along with regular beautification & maintenance.

"For equality he stood which we all agree, For animals everywhere, the right to be free. A tiny crusader, sent to earth from above, To teach us respect, compassion and love, For animals big and creatures so small, Domesticated wild, we must love them all." Wrote Mrs. Heather-mae Celins of Chelsea(Victoria), Australia as a tribute to our loving Chihuahua, Sputnik Sylvells Mickeys Mustard. Sputnik's friend, our longtime volunteer Bhaswati Pande (Pinky) launched Sputnik's Garden range of gift items under her own brand Smile & Mile's. Pinky will donate the proceeds from the sales for the sheltered pets of Karuna Kunj.

Sheru Singh Memorial is piece of green & flowers in memory of Sheru, the departed pet of Kohli family of Maryland, USA. They wrote : Sad news- Sheru's owner, Mr. Inder Singh-my brother-in-law passed away on Thursday to go be with my darling Sheru. God bless their souls and help us get through this most challenging time.....

Thank you so very much in assisting us to realize the power of love. We were so blessed to learn and share Sheru's love and compassion with many more souls than ever imagined. It is truly an honor to work with you and your staff in Kolkata.

I will send you help to feed the animals and take care of them in memory of my loving brother Inderjit Singh, by my family members to assist with the rest of my family in the world. We are all related through love, a bond that is eternal. Sincerely, Veena, Honey, and Ruchi Kohli.

One of CCT's most sincere overseas supporters Dr. Manu Chandaria of Nairobi, Kenya stands rock solid beside us.

Mr. Murari Garodia of Oregon, USA marked to me a very sweet note that he had sent to his three close friends Mr. Naresh Mittal of Houston, Mr. Raj Agarwal of New York & Mr. Hari Agarwal of CNA Metals, Texas : "I don't know him, have not visited him but share his compassion." All four of them were prompt & generous in their support for the 'mutes'!

A visit, along with compassionate & generous gesture of Mr. Sukriti Chakraborty of Pune was also of significance.

Mrs. Parvati Bradley of California, USA, continues to be a genuine supporter for the mutes. As is Mr. Mohi Ranjan Halder, a fellow Calcuttan.

Ms. Shahin Pople of England came to the city in 2011 and got some timely help from our team. She had sent funds going back. This year also Ms.Pople's story is repeated through a phone call from her from England.

As always, compassionate gesture by the most benevolent Calcuttans, Shri Basant Kumar and Dr.(Smt.) Sarala Birla continues to encourage us by their unstinted support!

I take this opportunity to offer some necessary clarification regarding our Report on Activity & Financial status.

Donors & Supporters- As it would be next to impossible to mention our innumerable donors in cash & kind, we mention donors of Rs.5000 & above, or regular donors of smaller amounts. As also those who help in raising and maintenance of infrastructure and facilities for the animals in our care. Other supporters mentioned include all well meaning individuals/groups/corporates who give us continuous logistic support and lend their expertise on the relevant issues in the course of our crusade for compassion.

Statement of Accounts - Some more clarification regarding our Statement of Accounts which reflects our financial activity. Statement of Accounts is prepared and duly audited, more in the format of the statutory requirement of the law of the land. At the first glance some expenditure may stare back at the beholder. As the 'bills' raised by essential services like telephone, electricity, fuel, vehicle repairs (mostly) have to be paid directly from the trust fund.

That apart there are varied expenditure which are directly settled by the donors, including food, medicines, infrastructure, maintenance which are never reflected in the 'financial' report. Whereas the assets created as well as fund saved by the 'direct' fund givers can not be reflected in the financial report either.

Transparency is our keyword, like previous years we are posting the financial and activity report on our website.

We believe in Gandhiji's words, "Even if you're in a minority of one, truth is always the truth".

Our Patron, Mr. K.P.S. Menon's clarion call is "Fight against corruption. It is eating the soul of our country..... corruption and inefficiency have become the hallmarks of our functioning."

Sensitive citizens across the globe were shell-shocked by the despicable stand of the Annual Welfare Board of India (AWBI) in publishing an advertisement sponsored by Animal Skin Traders.

Mr. Merritt Clifton, Editor, ANIMAL PEOPLE, Washington, wrote : I have been asked to comment on the matter of the Animal Welfare Board of India allowing the Council for Leather Exports to sponsor advertisements for Animal Welfare Fortnight. I have refrained from commenting for the past week because I had sent e-mails to several of the apparent participants in making the AWBI decision asking for their perspectives. I did not express an opinion of my own; I merely asked: How did it come to pass that the Council for Leather Exports is sponsoring Animal Welfare Fortnight advertising?

Not one has responded so far. The silence suggests that the recipients of the inquiries may be having difficulty constructing a response, because they may realize that allowing the Council for Leather Exports to use the good name of Animal Welfare Fortnight was a tactical mistake.

Our Patron's wife and a Life Member Mrs. Lalitha Menon have expressed her feelings, "It does seem bizarre that

AWBI should tamely accept the Leather Mafia to sponsor the crucial ad. It seems to me to be yet another instance of official hypocrisy and corruption as you suggest. Hats off to you for refusing their grant.”

CCT’s refusal to accept ‘blood money’ as grants from AWBI, even returning the grant in 2008 is hailed by all right thinking people and our support base has grown ever since!

Campaign against “cattle smuggling” is showing results of our 10 year long interaction, person to person, from the highest officer to the rank & file of the Border Security Force(BSF), the valiant protectors of the nation’s boundary.

CCT’s zoonotic concerns are getting real by the day. In the wake of three confirmed swine flu cases at the start of the year, the state health department has sounded a swine flu alert. In 2009, the city experienced a scare as 130 cases were confirmed. The following year, H1N1 struck again, with more than 30 confirmed cases.

Philanthropists and social workers (including the medical fraternity) seldom realize that to help the health and economy of a society, it is vital to focus on preventive (rather than curative) health care. The truncated approach and a myopic focus of the human race are resulting in our losing humane values. The lives of millions of humans in developing countries can be improved substantially by preventing the source of the disease instead of spending several times more to cure the diseased people after they have been infected.

There are over 40 zoonotic diseases of which animals are carriers. The lives of millions of humans in developing countries can be improved substantially by preventing the source of the disease instead of spending several times more to cure the diseased people after they have been afflicted. Most of the people affected by zoonotic diseases are from the lower income groups. If the person affected is the bread earner, the whole family is ruined by the illness or death.

The regular pandemic of different zoonotic disease is a grim warning of the consequences of neglecting the importance of animal welfare. Philanthropists and social workers (including the medical fraternity) seldom realize that to help the health and economy of a society, it is vital to focus on preventive (rather than curative) health care.

30,000 people are reported to die of Rabies in India each year. These are reported deaths. Many more go unreported.. Other common zoonotic diseases are T.B., Anthrax, Diphtheria, Encephalitis, Hepatitis, Leptospirosis, Cholera, Plague, stomach ailments due to worms and many more.

Diseases spread through earth, water, food and air. Even the milk of a diseased cow has ill-effects. A baby born to an emaciated mother who has worms can be born with brain damage. Instead of spending countless millions, can't we do some judicious planning to reduce the need for curing people and take steps to keep them healthy instead?

“A man who won’t die for something is not fit to live”, Martin Luther King, Jr.

We deeply mourn the departure of our Chairman Emeritus, Mr. Russi Mody who left us this year on May 16. Compassionate Crusaders Trust was fortunate indeed to have him as our “friend, philosopher & guide.” We at CCT pray for eternal peace for this noble soul.

Late Kaushik Mitra was an excellent worker for the ‘cause of the mutes’; he was one of our early volunteers to be trained as Animal Welfare Officer, Govt. of India. He left us this year on April 9. May Kaushik’s soul rest in peace!

The media has been extremely supportive even though we could never offer them any thing other than our sincerity for the cause of compassion. As Mahatma Gandhi said, Mother Earth has enough for everybody’s need but there can never be enough for everybody’s greed! I would like to take this opportunity to thank all the media personnel whose innate sensitivity and skillful pens and cameras voiced needs of the mutes and the Compassionate Crusaders’ endeavor in creating a kinder world.

Mr. Merritt Clifton sent a message: ANIMALS 24-7 officially launched on April 12, 2014. Reader response began arriving from around the world. Merritt’s Editor’s note mentioned, Debasis Chakrabarti’s 2003 essay “How no-kill dog control came to Kolkata, India” has helped directors of neuter/return programs around the world to effectively balance the needs of animals with the concerns of humans.

The Hindustan Times' daily publication of Compassionate Crusaders' Animal Helpline is a real boon. As also The Telegraph's coverage of our emergency pet care in their Metro Guide. Many pets have benefited by this action of theirs.

The Animal lovers of Kolkata can boast of their city being the only METRO CITY in the country to have a 24 Hour "ANIMAL HELPLINE" in two prominent dailies!

Our partnership with RSPCA, U.K. continues. Ms. Rachel Cole, Secretary, International Dept. of RSPCA, UK communicated that they are phasing out the RSPCA Association Scheme in 2014. She wrote "We still strongly value our partnership and hope that we can continue our relationship with your organisation."

Our regular activity update, including pictures will be available at the Facebook profile "Compassionate Crusaders Trust" which has an enhanced following by 300% or four times this year along with related Blogs and Youtube channel "ANIMALCRUSADER" created and maintained by our E-team.

We will continue to post our yearlong activity details and audited accounts on our website and Facebook. Our website www.animalcrusaders.org displays the videos of some of our activities... we hope to keep on adding more!
