Jai Jinendra!

Preksha Meditation is the combination of knowledge from our ancient Jain scriptures, modern science and experience. Preksha Meditation is the practice of purifying our emotions, our conscious and realizing our own self. Preksha Meditation is a technique of meditation for attitudinal change, behavioral modification and integrated development of personality.

Started in 1970, Preksha Meditation is the result of the untiring efforts of **Ganadhipati Tulsī** and **Acharya Mahapragya**. Acharya Mahapragya researched and experimented for twenty years to rediscover the process of meditation, which was practiced by Bhagwan Mahavir. Preksha Meditation is for everyone, irrespective of race, religion language, color, gender and belief.

JVB Preksha Meditation Center, Houston, is celebrating its 10th anniversary this year with the inauguration of the new building. With the continuous presence of Samanijis, it has been instrumental in spreading valuable ancient knowledge to the local community. The newly constructed center proudly houses a “cardinal pyramid” shaped meditation hall. This unique structure has the capability of receiving the highest amount of cosmic energy; which helps a person meditating to achieve a no thoughts state (Nirmal Stithi) approximately three times faster.

The JVB Center is dedicated to instill physical, mental, emotional & spiritual health by utilizing Preksha Meditation techniques, and will impart Training in Non-violence to people from all walks of life.
